

PFI 3061 Interface box for PFFE 7105/7106

Article number (SKU)
Colour

7230610
Black

The PFI 3061 interface box is specifically designed for the PFFE 7105 / 7106 display lift. In the interface box there is ample storage space for cables, a mini PC and other peripherals. On the bottom are multiple mounting patterns so you can mount one or two actuators. Thanks to the standard mounting patterns you are able to mount almost ever display directly to the interface. Use the optional PFA 9119 electronic safety strip to prevent damage when the movement is blocked by an object.
