

PFB 3419 Display Interface Bar (silver)

The PFB 3419 interface bar is a part of the modular Connect-it system which can be used for ceiling, floor and wall mounting. The PFB 3419 with a length of 1900 mm is ideal for mounting multiple displays. The PFB 3419 can be used in combination with other interface bars of the PFB 34xx series by using the interface bar coupler (PFA 9104). The advantage of the modularity is that you create almost any desirable length without cutting.
